Date Mailed

February 28, 2008

Patent No. : 7,122,363  
Inventor : Joseph A. Beavo et al.  
Patent Issued : October 17, 2006  
Title : DNA ENCODING MAMMALIAN PHOSPHODIESTERASES

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule(s) 1.322.

Inspection of the application for the patent reveals that in connection with the alleged error pertaining to col. 15, line 4 ; the change is not warranted. At column 15, line 4, there are 2 occurrences of "GATCCG". It is unclear which should be changed. There being no fault on the part of the Patent and Trademark Office, it has no authority to issue certificate of correction under the provisions of 35 U.S.C. 254 and Rule 322 of the Rules of Practice of the United States Patent and Trademark Office in Patent Cases.

In view of the foregoing applicants request in this matter is hereby denied, however, a certificate of correction will issue to correct the remaining errors noted in applicants request.

In the case that applicants disagree with decision a reconsideration filing together with documentation in support of applicants request filed under 1.322 should be submitted. Required documentation may include acknowledgement of receipt.

Any telephone inquiry concerning this communication should be directed to Ms. A. Green at (703) 308-9380 ext. 123.
